For the Attention of the Didcot Town Council
General Purposes and Finance Committee

23 November 2021

Dear Friends at the Council

Following the decision of Didcot Town Council to award £2000 towards the cost of soundproofing our 'Harry Lewis' hall, I am pleased to report that this work has now been completed. The work was completed on budget according to the quote shared with you when I spoke to the Council GP&F Committee.

The impact has been dramatic. The reverberation problem disappeared immediately, and since then we have had so many positive comments from those who use the hall regularly, most especially from a number of older people.

I'd like to share these links with the Committee as, in this case certainly, pictures speak louder than words.

All in all, a first-class outcome and I would thank the committee for helping us achieve such a wonderful result.

Kind regards

David Kerrigan
