#### PUBLIC PARTICIPATION

Cllr D Rouane suspended standing orders to allow the member of the public to address the Committee.

The resident spoke about agenda item 9d) – *Planning application P24/S0765/FUL - 67* Warner Crescent Didcot OX11 8JY and raised their concerns regarding the effects of increased parking in the area.

The resident explained that the area already suffers with excessive on-road parking, as many of the houses do not have a dropped kerb for driveway access. The resident also noted the change of use to a House in Multiple Occupation and had concerns that the proposed extension would not be able to accommodate all the occupants with an individual parking space.

The area is also located a fair distance away from town centre and any travel links, and therefore many residents rely on a vehicle for travelling.

The Committee thanked the resident, and reinstated standing orders.

Planning and Development Committee would like the bus stops to be recessed in a lay-by, rather than being on the road, to reduce the impact on traffic. The Committee would also like to point out that in the current proposal, the bus shelters would be impeding on the pedestrian pathway, the tactile paving on the pedestrian crossing points would impede the cycle path, and the proposed cycle storage would impede on both paths. The	P19/S0720/O	Outline planning application for a residential development comprising up to 750 dwellings (with up to 40% affordable housing provision), public open space comprising green infrastructure, community use, allotments and play areas, pedestrian and cycle links, landscaping and associated supporting infrastructure. Means of access to be determined via Hadden Hill (A4130). Access to NPR3 reserved for later consideration along with all other matters. (As revised by information received 22 January 2021 and updated Parameter Plan and Biodiversity Calculations received 5 May 2021 and as amended by highway plan received 15 January 2024).

Committee would also like	
to question the spacing	Land at Ladygrove East Didcot

for the pedestrian crossing	
and the bus stop.

#### 275. To note as listed: Planning Applications referred

The Committee noted that no applications were referred.

#### 276. To discuss the Flood Resilience proposals (Cllr D Rouane)

Cllr D Rouane introduced the idea of flood resilience plans to the Committee and explained their importance. Cllr D Rouane further stated that upon some research, it was discovered that most local parishes had created their own plans to support residents in case of flooding in the area.

Historically, flood support in form of sandbags was given by the District Council, however due to difficulties with deliveries, it was decided that local parishes would be more suitable to keep and deliver support for flooded areas.

Cllr D Rouane explained that while Didcot does not experience flooding frequently, it would be beneficial to have an idea of where the key areas of interest are, and how they could be supported.

It was proposed by Cllr D Rouane, seconded by Cllr S Cole, and **RESOLVED** to create a **recommendation** to the Full Council to create a Floor Resilience Working Group, which will report to the Planning and Development Committee.

All members agreed.

#### 277. To receive an update from the Neighbourhood Plan Team

Cllr H Macdonald gave a brief update and informed the Committee about a meeting with the SODC Neighbourhood Plan team, which will be held on Microsoft Teams on the 13<sup>th</sup> of May 2024 at 19:00.
